

Eastern Promise Academic Momentum Compact

PATHWAYS TO COLLEGE & CAREER SUCCESS

- GOAL #1** Increase access to early college credit for high school students throughout the region.
- GOAL #2** Build a college/post-secondary going culture

The Academic Momentum is a curricular program that plays a significant role in Goal #2. Each year students sign and review a compact, participate in a college week at school and visit a four year University in the 5th grade, a career workplace in 6th grade and visit a community college in their area in the 7th grade.

As an educator, parent, community member or student we strive to:

- Believe each child can learn.
- Believe each child can graduate from high school and go on to some type of college or post-secondary training.
- Value and support children and respect each child's unique learning qualities.
- Maintain and foster high standards and expectations for academic achievement.
- Ensure that schools provide curriculum and instruction that promotes literacy across all subjects.

As a Principal, I will:

- Provide high-quality curriculum and instruction in a supportive and effective learning environment that enables children to meet the Oregon student academic achievement standards.
- Assist members of a school community in accessing Eastern Promise resources that will promote college/post-secondary and career awareness.
- Provide leadership to staff and students in the implementation of the Eastern Promise Academic Momentum program.
- Provide support for staff in professional development regarding Eastern Promise Academic Momentum curriculum development
